🕐 TIMECARD CHECKER

…is a mobile application that can turn a mobile device (Android and/or Apple iOS) into a virtual time collection Kiosk which is a great alternative to traditional punch time clocks. The Timecard Checker application will allow a group of employees to individually clock in and out as well as capture breaks for the collection of mobile time and attendance.
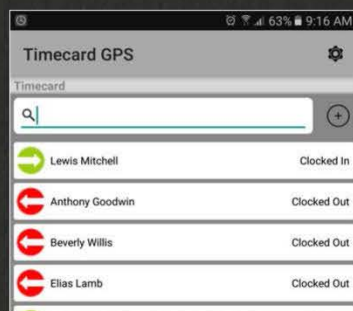

🕐 TIMECARD GPS BENEFITS

- Helps companies with Labor Law regulations.
- Fast return on investment by eliminating time-theft.
- Better visibility to manage mobile workers activities and GPS movement.
- Reduce processing payroll time and more accurate time calculations.

- Live customer support and new release enhancement at no additional annual costs.
- Easy integration into accounting and payroll systems.
- Reduce mileage expenses with accurate miles traveled.
- More efficiency and better visibility of job costing and overtime.

🕐 TIMECARD CHECKER FEATURES INCLUDE

- AIndividual Clock In.
- Photo Capture at Clock in and Breaks.
- Access to over 35 reports.
- Reports are exportable and can be scheduled (Daily, Weekend, etc.).
